A TEXAS TWISTER

Nearly one Hundred People Killed in a Cyclone Yesterday.

A Large Gap Cut in the Town of Goliad Near Dallas—No Time for Escape.

OVER ONE HUNDRED ARE WOUNDED

Dallas, Tex., May 19.—A special to the News from Goliad, Tex., says: Ninety are dead, over a hundred are wounded.

In addition there is a gaping wound in the town—the path of one of the most destructive tornadoes ever known in Texas.

The tornado struck this place about 3:15 o'clock yesterday afternoon, lasting only about five minutes, leaving death and disaster everywhere in its wake. It came from the southeast without warning, completely demolishing a strip about two blocks wide throughout the whole western part of the town about a mile long.

Among the many houses demolished are the Baptist church and parsonage, just built, the Methodist church and a colored church.

It is impossible to estimate the number of houses destroyed, but it is thought the number will reach 100. Damage done cannot be approximated, but it is very great. About all the human dead and wounded have been taken care of.

The path of devastation is strewn with all kinds of debris and dead and wounded animals. The pitiful cries of the wounded is heard everywhere and at times is heartrending.

The tornado was preceded a few moments by a heavy hail storm and a deep rumbling sound, but no one had any premonition of the disaster, and there was no opportunity for escape, as the tornado, dealing death and disaster, was all over in a few moments.

A report from the country around Goliad is to the effect that no damage was done. A special train bearing the O'Connor Guards, six physicians, nurses and many volunteers came from Victoria, and also a special from O'Connell bearing physicians, nurses, druggists and volunteers. Although everything is being done for the relief of the wounded, cries for physicians and medical attention are everywhere heard.

So far ninety dead and 120 injured have been reported.

The white people killed are: Mrs. Johnson, aged 60. Margaret Pope, 8. Stuart Dial.

Pinkie Lott, daughter of William Lott.

Mrs. Plur and children, Mand and Alice.

Two Augustine children.

Mrs. Stoppel, and children, except one.

Mrs. and Mr. William Hoard and three children.

Joe Savage and child, Ennette, Texas.

Phoan Savage.

Mr. Newcomb, wife and child.

William Throadwell.

Waywood Jones.

The bodies of 42 negroes have been recovered.

There are 53 negroes injured, many fatally and it is thought there are at least 15 dead not included in above list.

ALL WELL PLEASED

The Elks Appreciate the Success of Their Carnival Just Closed.

A Good Business Done in all Departments—The Streets are Opened Again.

SOME OF THE BEST PAYING FEATURES

It may be several days before everybody roovers entirely from the hilarity of carnival week, and business is resumed in the same old way. Saturday night the carnival ended in a blaze of glory. The attendance was over 5,000, and the weather was very pleasant.

By midnight most of the midway attractions were ready to leave for Columbus, Ind., where they show this week. The German village was the last to go. Yesterday morning the streets and sidewalks were opened again, but it will be a day or two before all the fences are down and the place cleaned up.

The lumber goes back to the contractor, Mr. England. The closing scenes were very amusing. The remaining stock in the country store was auctioned off after the carnival had closed, and the building itself was sold for \$15. The total net proceeds will be \$1,710.

The total from the German village will be \$2,200. The sales of confetti picked up wonderfully during the last two or three days, and the total number of sacks sold was 160,000, expressed in money, \$800.

The total paid admissions at the main entrance was about 30,000. The shows had a large attendance, and the owners were pleased with results, but it is said that there was never known so many complimentary tickets.

It will be several days before a complete report is ready showing the cost of the carnival and the exact proceeds, but it is certain that the Elks will make about \$8,500. The attendance at the midway attractions was this year about 20 per cent of the total number of those who paid at the main entrance while last year it was 3 per cent, showing a decrease. The Elks are well pleased with their second annual carnival, however, and are very grateful to all who assisted them in making it a success.

TWO VEINS OF COAL

Nortonville Land Will Now Go on a Big Boom.

Shaft to be Sunk for a Coal Mine—State Factory to Locate There Shortly.

BIG SALE OF TOWN LOTS SOON

Several Paducah gentlemen who are interested in the big Nortonville deal went yesterday and spent the day there, and report the outlook very bright for a big boom.

The company has bought 1,600 acres of land, including 640 town lots, and on the property are two rich coal veins. A shaft will be sunk as soon as possible and a coal mine established there. The coal is plentiful and will be extensively mined. A steel factory, from present indications, will be located there, and the prospects are for a boom of large proportions as soon as all the details of the deal are complete.

A sale of town lots will shortly be made and many homes will soon be started. The company at the back of the deal will spend a great deal of money in developing the resources of the country.

A meeting is to be held at Hopkinsville Wednesday by the stockholders of the new company to transact important business.

TROUBLE BEGINS

ANARCHIST PLOT AGAINST THE NEW SPANISH MONARCH.

Madrid, May 19.—An anarchist plot against King Alfonso has been discovered and six arrests, including that of Gabriel Lopez, an employee of an insurance company, have been made. Dynamite cartridges were found on the premises where Lopez was arrested.

Lopez says he received a package of cartridges from another anarchist with instructions to throw them at the moment of the passage of the royal carriage in yesterday's procession.

The discovery of the plot against the king is confirmed by the newspapers here.

It is now said that nine dynamite cartridges were seized. Further arrests have been made and the prisoners include six medical students, a printer, a carpenter and a mason.

The captured cartridges are being analyzed by military authorities.

WAS ONLY BRUISED

No Truth in the Thrilling Accident Near the City Saturday Night.

Will Turner Was Thrown out and Only Hurt—Coroner Greatly Surprised at What He Found.

WENT TO HOLD AN INQUEST

Coroner W. R. Peal was surprised man yesterday morning. He had the unusual experience of going out to hold an inquest over a man who wasn't dead. That the man wasn't dead was no fault of the Sunday morning papers however. They had full accounts of how Will Turner, a well known farmer of Ragland, was thrown out of his buggy three miles from the city on the Cairo road while returning home drunk and had his neck and back broken.

According to the story he and George Ivey were returning home together from Paducah when their horse shied and turned the buggy over. When Turner was picked up, it was stated, blood was pouring from his mouth, his neck broken, and he lived twelve minutes.

All there was to the story was that Turner and his companion were thrown out and bruised up considerably. The fall seemed to do them good, as it had the effect apparently of making them only sober.

The accident was reported in the city about 8 o'clock, embellished with details most thrilling in their nature.

Coroner Peal was notified, and yesterday morning started out to hold an inquest. Near the scene of the accident he learned the truth and being on the way to his sister's funeral he made further inquiry between here and Ragland, and learned that Turner was only slightly bruised.

FROM THE CHURCHES

Rev W H Pinkerton Resigned as Pastor of the First Christian.

Rev. G W Perryman Called to a Southern City But Will Probably Decline—Ministers Association Elects Officers

MATTERS OF GENERAL INTEREST

Considerable surprise was created last evening when Rev. W. H. Pinkerton, pastor of the First Christian church, and one of the best known and most popular ministers in the city, tendered his resignation. It came very unexpectedly to the congregation, who had not anticipated anything of the kind.

Rev. Pinkerton first offered his resignation to the board of trustees in the forenoon, but no action was taken, it being decided to refer it to the congregation. A meeting was called for the evening, and in the meantime it became known that the pastor had tendered his resignation to the board, and as a consequence there was a large crowd out.

The congregation was almost unanimous in its refusal to accept the resignation. Rev. Pinkerton has been quoted as saying that if he ever resigned there "would be no string to his resignation," and this was taken to mean that when he resigned it would be final, and there would be no reconsideration. Hence a few for this reason voted to accept his resignation.

Rev. Pinkerton has been pastor of the church since the fall of 1893, when he succeeded Rev. L. H. Stine. He came here from Newhouse, Ky., and has since risen in the esteem and popularity of the people.

Rev. Pinkerton stated to a Sun representative today:

"I have thought the matter over for some time, and decided once last winter to resign but several members of my congregation begged me to withhold it a little longer. This I did and Saturday night without any consultation I decided on the move I made. I asked the board of my church to meet me before the morning services which they did and allowed the resignation to be placed before the congregation which met after the evening services. They refused to accept the resignation but I have not withdrawn it and will not unless I have the assurance that more success will attend my efforts. The reason for my resignation lies in the slow work of the church. I feel that the results of my labor have not been satisfactory. My health has been several times threatened and the progress made was not rapid enough to compensate for my labor."

The Ministerial Association met this morning and elected officers for the coming year.

Rev. G. W. Banks, of the Third street Methodist church, was elected president; Rev. G. W. Perryman, of the First Baptist church, vice president and Rev. J. W. Wilson, of the Trimble street church, secretary.

There was a fair attendance and other than the election of officers nothing of importance was done. The regular routine work and the reports were presented and the matter of taking an outing as was done last year was discussed but no definite action taken.

The Union Rescue Mission Gospel meeting, 431 South Third street, was well attended last night to listen to the Evangelist H. W. Sweeten of St. Louis, Mo., who spoke earnestly on the true way of life. The singing in which the people took part, was

FOR SEMINARY.

COLLECTIONS TAKEN UP IN THE CATHOLIC CHURCHES YESTERDAY.

In the various Catholic churches in this diocese, a special collection was taken up yesterday for reopening the Catholic seminary.

The Very Rev. Louis G. Deppen says of this occasion:

"Preston Park Theological Seminary is the continuation of St. Thomas' Seminary, established in the diocese of Louisville 91 years ago, and transferred to Louisville in the year 1869. It was temporarily closed a few years ago. It is one of the most venerable and celebrated seminaries in the country. From it went forth in the century gone by, and ever since the year 1816, a galaxy of eminent churchmen—priests and theologians who have shed lustre on the church in the United States and who have filled many sees, trained many ecclesiastics and traversed with apostolic zeal many missions. The history of our diocesan seminary is largely interwoven with the beginnings of the church in this now vast republic.

"It is for the permanent reopening of this ancient and famed seminary that the Catholics of our diocese of Louisville are urged to contribute on this Whitsunday in an extraordinary manner; or in other words, to double, treble, quadruple and more, their annual offering on Pentecost for the education of their priests and fathers in God."

NO PASSENGERS FROM OHIO PERMITTED TO GET OFF.

A bulletin has been posted in all the trainmen quarters of the I. O., Memphis division, instructing the conductors not to take any passengers from Ohio into Newbern, as the authorities of the latter place have taken out a smallpox quarantine against Ohio.

There is a great deal of smallpox in that section and all precautions are being taken to stop the disease. The quarantine was yesterday taken out and until the condition is bettered will remain. The I. O. is more than willing to aid in stamping out and preventing a spread of this disease and no corporation has done more to this end than the I. O., and employees are forced into vaccination and must produce a good scar before employment is secured.

NATIONAL RENOWN

BROOKPORT, ILL., THE GREATEST TIE POINT IN THE UNITED STATES.

It has become such a common thing for Metropolis and Massac county people to notice the tie shipping industry at Brookport that the extensiveness of it is rarely given a second thought, says the Metropolis Herald.

It is nevertheless a fact, so an official of the Chicago and Alton railroad recently told Attorney C. L. V. Malkey, that Brookport among the most recognized as the greatest railroad cross-tie shipping point in the United States. The facilities are better, the scope of country reached more extensive and more ties are actually handled at Brookport than at any other point in this country. The distinction is certainly worthy of notice.

Czar Wears His Ring.

The Czar wears a ring in which he believes is imbedded a piece of the true cross. It was originally one of the treasures of the Vatican, and was presented to an ancestor of the Czar for diplomatic reasons. Some years ago the Czar was traveling from St. Petersburg to Moscow. He suddenly discovered that he had forgotten the ring. The train was stopped immediately, and a special messenger sent flying back on an express engine for it, nor would the Czar allow the train to move until, several hours afterward, the messenger returned with the ring.

Two Instances of Divorce.

Comparing the marriage and divorce laws of various countries James Bryce, in his recent volume, mentions the following extreme instances of liberality. In issuing divorce decrees: "It was charged that a husband did not come home till 1 o'clock at night and when he did return he kept plaintiff awake talking—divorce granted on the ground of 'mental cruelty.' In another case it was charged that the husband was in the habit of frequently quoting scriptural passages in order to show his wife that she was to be obedient to her husband—divorce accordingly."

Ten million bushels of coal lie in the Pittsburgh pools of the Monongahela river, awaiting shipment south at the first opportunity. Most of this, of course, is the coal combine's property, while a large amount not included in the above is bartered by smaller companies. While the down river cities are not yet waiting for coal, Cincinnati and New Orleans are getting short in their supply. River men hope for a rise early to give relief to the conditions.

Aberdeen, May 19—Mrs. John Ware, residing in the country six miles from Aberdeen, is the recipient of a valued and unexpected present. The present was tendered in recognition of Lieut. Ware's fidelity to the trust and in appreciation of attentions and courtesies to Mrs. McKinley while in the discharge of his duties.

Lieut. Ware enlisted here as first sergeant of company L, Second Mississippi volunteers, and served through the Spanish-American campaign; served two years in the Philippines volunteer army, then passed examination and entered the Thirty-eighth regular infantry, where he was appointed to a lieutenant's rank. Invigorates and Strengthens Those Advanced in Years.

If You Feel Old, the Great Medicine Will Give You the Vigor and Health of Youth.

Every one in springtime should give attention to the purifying of the blood, the tracing of the nerves, and the regulating of the digestive apparatus. This is the special time when old people need a tonic and strength giver—something that will restore them to that condition of health that conduces to make old age happy, cheerful, and bright.

Old people should carry home with them today—not by and by—a bottle of Paine's Celery Compound. It will certainly banish the rheumatism and neuralgia that help to make life a misery; it will drive out of the system all impurities and make the life stream flow fresh and pure; it will banish weakness and all languid feelings, and impart the vigor and activity that mark youthfulness. It is the only medicine that will fully meet the needs and expectations of all in declining years.

Mrs. Mary E. Burgess, an estimable and highly respected resident of Clements, Cal., finds Paine's Celery Compound her stay and helper in advancing years; she writes as follows: "I am 72 years old, and in the past have not been well. I had spells of weakness and headache. A friend of mine told me to try Paine's Celery Compound; I got a bottle and it helped me very much. It gave me a good appetite and made me strong and happy. I think there is nothing like it. My husband has taken it, and it strengthened him. Now when we do not feel well we get a bottle of Paine's Celery Compound and it saves us doctor's bills."

STATE TEACHERS

Preparations Being Made for the Lexington Meeting.

A Large Crowd is Expected to Enjoy the Various Features of the Convention.

At the last annual meeting of the Kentucky Educational Association, held in Louisville, the time for holding the future annual sessions was changed to the summer, and as a result the arrangement the next annual meeting will be held June 24 to 26, inclusive, at Lexington. The citizens committee of Lexington has formulated plans for entertaining the teachers that can but make their session in that city most enjoyable.

There will be receptions, entertainments and visits to points of interest in and about Lexington—of which there are many. Asbland, the home of Henry Clay; Bryan's Spring, a landmark in the pioneer history of the Transylvania country; Lake Ellerslie, one mile from the city; the State Reform school, the Eastern Kentucky Asylum, the colleges, parks, beautiful drives and boulevards, and the great stock farms. At the same time, the Kentucky Chautauqua will be in session at Woodland park, within the city limits, where excellent lectures, entertainments and musical recitals will be presented.

On Friday, the day after the association adjourns, there will be an excursion to Torrent and Natural bridge, in the heart of the Kentucky mountains. A free lunch will be given to members of the Association at Natural bridge.

IN JULY.

MEETING OF THE STATE BAR ASSOCIATION AT LEXINGTON.

The annual meeting of the Kentucky State Bar Association will be held in Lexington on July 2 and 3. The main address will be delivered by ex-Senator Lindsey. Other addresses will be made by members of the association. All the railroads in the state and the hotels in Lexington will make special rates to members attending the meeting. Mr. Bernard Flexner, secretary of the association, is preparing the official program to be furnished members.

The delegates from the Paducah Association have not yet been appointed.

FIFTY YEARS WORK.

CELEBRATION OF MISSIONARY WORK BEGINS AT COLUMBUS, O.

Columbus, O., May 19—It is estimated that more than 1,500 delegates and other visitors have arrived for the meeting of the Ohio Christian Missionary Society, which will be in session here during the next three days. Today was devoted to preliminary meetings and the reception of visitors. The meeting this year possesses more than usual significance as it marks the golden jubilee or fiftieth anniversary of the society. For the three days' sessions a fine program has been arranged and many noted speakers will be heard.

AGAIN IN THE FORTS.

WILL STRICKLAND ARRESTED FOR BREAKING INTO A PERSON STORE.

Will Strickland, colored, a negro well known about the city and especially in the courts, was last night arrested here by Officers Will Rogers and Lieutenant Moore for robbery. It is alleged that Strickland broke into a business house in Henderson and the local authorities were several days ago notified of the charge and instructed to keep a lookout for the man.

THE WEATHER.

Cloudy tonight with showers and thunder storms in the extreme western portion, Tuesday same and cooler.

LET THE GOOD WORK BEGIN.

The carnival is over, and we can now turn to contemplate less interesting things—the city council, for instance. Paducah needs better streets, a complete sewerage system and a great many other improvements. More than one visitor was heard to comment last week on the inexplicable lack of improvements in a city the size of Paducah. They should have been told that it is because some of our city officials lack enterprise and others lack backbone. Some are constitutionally opposed to any kind of improvements. They were raised without them, and imagine their children can be raised without them, also. Other councilmen believe in improvements, and know that the rapid growth and increase in population of Paducah demand them. But they get out and meet a few of the unprogressive, chronic kickers of the community, and after hearing them expatiate on the absurdity of improvements, go into the council and vote against them because they are afraid. It would be well for the city council to remember that such people do not express the sentiment of the better class in a city. Such people must be ignored or defied. Improvements should be made without regard for the hardships to a few, but with a view to the greatest good to the greatest number. Then the old fogies can kick to their heart's content. A city council that would have the unmitigated and unprecedented nerve to fix the tax rate at \$1.55 ought to have nerve enough to do anything.

The Lexington Herald ably points out that the threatened strike of the anthracite miners would entail far greater suffering and loss than the terrible disaster on Martinique. And worse still, the suffering and loss would be to innocent, helpless people, and would have no justification. There is no need for it, and if it should be forced, notwithstanding, it will go a long way towards injuring the cause it is intended to advance and benefit.

There is no use in being mindfully hasty in our well-meaning efforts to relieve the distress of the unfortunate on Martinique. It is reported by reliable correspondents that a great deal is not needed, as most of the victims perished. Hence there is no immediate necessity for donations from all quarters of the globe.

Germany has officially denied the

sovereignty of the United States over Snln archipelago, and declares that it cannot be ours by virtue of Spain's concession, as it was not Spain's to confer. We are sorry Germany doubts our word. She will probably change her mind rather than argue the question.

It is hoped that the Town Cow will be fully discussed in the council tonight. The cow question is one of paramount importance to the public, although the cow herself is not much thought of. We must keep the cows in or some of these days strangers will be unable to tell us from Brookport.

The council is now known as the "lower board." Somebody ought to have taken out an injunction to prevent its being changed from the "common council." Its title to that distinction is one too firmly established to be done away with by a mere change of municipal class.

Alphonso XIII ought to make a pretty good monarch. An anachronistic plot to kill him has already been discovered, and he has been on the throne but two or three days.

The tornado is beginning to have its innings. Texas comes to the front with a 100-life twister. Texas never did do things by halves.

Crocker is still boss of Tammany, we are told, but judging from recent events there is not much left to be boss of.

ADVERTISING DOESN'T PAY AS DESCRIBED.

What would we say of the manufacturer, asks Agricultural Advertising, who built a fire under his boiler, then went off and allowed the fire to die out, expecting his mill to run all day on that one fire? And yet there are advertisers who make "one time" splurges, or take "trial ads," and then, because business does not keep them up nights, say "advertising doesn't pay." How about the farmer who plants corn and then sits down to wait for the crop? He would be expected to say that "farming doesn't pay." And yet there are advertisers who plant the seed of an ad and think their work is done. To such people advertising does not pay, and never will, and money spent in such advertising would better be deposited in the poor box at church. Advertising is the fire under the business boiler, which must be tended and kept hot to produce the results sought. It is the seed planted which, properly nurtured and tended, will spring up and bear fruit "some twenty, some sixty, and some an hundred fold."

CONDEMNED IN MISSOURI AND CONFISCATED IN NEW YORK.

Judge Clarke of St. Louis has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the health department of New York seized a quantity of stuff being sold for baking powder, which they found was made from alum mixed with ground rock, and dumped it into the river.

The health authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powder.

As alum costs only 2 cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum powders, however, from the fact that they are sold at from 10 to 20 cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject, and consumers insist on having baking powders of established character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

good and was as inspiring as sermon was impressive. In response to the invitation many came up for reconsecration, and several came to altar for prayer. A good meeting is expected and all are invited to attend and take part.

Rev. G. W. Perryman, of the First Baptist church, has received a call from a church in a southern city, but is not ready to give the name of the place. Rev. Perryman thinks that he will decline. He stated this morning that he was well pleased here, and did not think of leaving.

Reverend B. E. Reed, of Grace Episcopal church, whose resignation was accepted, will probably remain in Paducah for some time, but there will be no services at Grace church until there is a new rector. It is not known when this will be, but will probably not be before September.

A LUNATIC.

BOWLIN WILL PROBABLY BE TRIED ABOUT THURSDAY.

County Attorney Eugene Graves is arranging to have the trial of Jack Bowlin, the lunatic, on Thursday.

Bowlin continues to get worse, and was ill several days ago from the confinement. He is a talker, and imagines that the whole United States government is coming here to set him free and burn both the city hall and jail.

Street Renamed in Chicago.

Chicago has lost a street. It was worth about \$1,000,000, and the city would like to find it again. Gradual encroachments were made on the street by a railroad company until it was completely covered, and the city will institute eviction proceedings.

Venerable Friend of Children.

Without one omission for fifty-three successive years Major Lucius Blado has attended the Boston National Lancers' annual party for children, and it has been his custom to lead the grand march, escorting the youngest among the children. This year, because of the feeble condition of his health, he was unable to attend the party, as much to the regret of the children and their parents as of himself.

VERSES GRAVE AND GAY.

Swinging—tallahy.
Baby and I, in the old rocking chair,
Go swinging
Softly the shadows are gathering there,
Swinging.
Baby's brown eyes are so misty, I know
Soon to the dreamland my dear one will go.
Rock-a-by, lull-a-by, hush-a-by, O!
Swinging.

Silken fringed eyelids fall drowsily down
(We're swinging).
Hiding the love-lighted soul of my own—
Swinging.
Into the valley of Sleep-all-around,
There where the latest of fair dreams
are found,
Fairies will guide him thro' Love's pleasure ground,
Swinging.

Baby is lost in a sea of delight—
He's dreaming.
Stars come to gaze on the wonderful sight,
Oleaming.
Swiftly the hours are passing away.
Baby will leave me some and future day.
Oh, help me teach him the joys of the way—
Not dreaming!

—Mrs. Bartlett Allen Fox, in Farm and Home.

Beautiful Land of Somewhere.
[Sung at the funeral of President McKinley. It was written in 1900 by F. S. Lovejoy and set to music by Charles Kaa.]

Somewhere the deep, deep yearnings
That fill each weary heart,
And which are always with us,
Tho' not of life a part,
Will find responsive echoes
Coming to meet their own,
And hear low voices saying
In sweet and soothing tone:

"You shall be filled
With the fullness of peace
In the beautiful land of Somewhere."

Somewhere our earnest longings
For higher, grander things—
Our holy aspirations,
Our souls' deep whisperings—
Must find responsive echoes
Far from earth's care and strife,
Calling us thro' the shadow
To a higher, holier life:

"You shall be filled
With the fullness of peace,
In the beautiful land of Somewhere."

If Men Never Cared.

If men never cared what the world might say
We could hold all our schemes adieu,
And life would be only a holiday,
With never a goal in view;
You could cease from coveting honors,
And I could give up my dreams and contentedly lie
At ease while the days went slipping away,
If men never cared what the world might say.

If men never cared what the world might say

No man would be moved to try
To hurry ahead on the upward way,
And as legends we'd live and die;
No songs would be written and never a cheer
Would be raised by the crowds for a hero
to hear.
And, useless, ere long, we should meanly decay.
Oh, it's well that men care what the world may say.

—S. E. Kiser, in Chicago Record-Herald.

Woods.

Swartthy and tall in the smoky haze,
Long after the summer's wane,
They stand through the dreamy autumn days
On meadow and field and plain.

Crowding in hollows and valleys old,
By high ways and woodpaths wild,
Bravely they throng till the winds a-cold
Whimper and moan like a child.

Ragged and rude in their winter mail,
Vagrant and troubled with cares,
They sow on the summer's faded trail
The drift of a world of cares.

Under the blur of the falling sky
The north wind scatters the seeds,
While the tramps of the waning year
go by—
The gipsy rabble of weeds.

—Benjamin F. Leggett, in Youth's Companion.

A Discontenting Opinion.
Some day this world will be serene
The khaki will not find
A thing in all this earth so green
To agitate his mind

The taxes will be right and just,
With nothing out of joint,
The friends whom you esteem and trust
Will never disappoint.

The cars will always run on time,
The mate will be right,
And all the year will be a climax
of unalloyed delight.

But as for me, I deeply doubt
The bliss of such a state,
With nothing left to talk about—
"Would be a lovely fate."
—Washington Star

A Thanksgiving.
Lord, what shall our Thanksgiving be,
This gray November of the year?
What's our offering to Thee,
Be it sincere!

No empty frankincense of praise,
No sounding words tricked out by art,
But just some homely, simple phrase
Bright from the heart!

No music of triumphant tone
If swelling oboes swept alone,
But lifted to Thine unseen throne
Some low, sweet song!

Through These all blessings bounteous,
All beauty, and all bliss we share;
And Thou hast granted unto us
Th' boon of prayer!
—Clinton Scollard, in S. S. Times.

The Sign and the Song.
Life is a sign, dear, and life is a song,
But we're going the bright way and dark way along,
In valleys where the red thorns with white roses throng
Forever and ever and over!

What of its sorrows and what of its slight?
When one bright sun sets another will rise!
The light's in Love's eyes, dear, the light's in Love's eyes
Forever and ever and over!

The blinn comes in beauty—a dream from the blight;
Out of the shadows the beautiful light;
To the cross and the care, then, forever good night—
Forever and ever and over!

—F. L. Stanton, in Atlanta Constitution.

A QUICK MEAL.

"PRINCE" OF THE HAGENBEACH SHOW, ATE THE DANCING BEAR.

Those who visited the carnival last year doubtless remember "Prince," the fierce man-eating lion of the Hagenbach animal show. He created considerable excitement night before last en route from Nashville to Louisville on board the train by breaking the steel bar partition between his cage and that of a dancing bear. A great fight ensued, but the lion killed the bear and then made a meal of him. The Gaskill shows will be at Louisville during the carnival, which lasts two weeks.

Brown then put three balls into the negro's body, and his condition is considered hopeless.

Carey died this morning at 1 o'clock and this morning an examining trial was being held by the coroner's jury over the remains.

people are lacking in nervous strength. The weak, care-worn, melancholy, headachy, and low-spirited men and women are easily excited, impatient, fidgety, and unable to sleep at night. Worn-out nerves must be built up, and the vitality of the whole system replenished before relief can come.

"The least bit of noise or sudden jar would nearly drive me crazy, and I was just too fidgety for anything. I was so nervous that I could not rest or sleep. The first dose of Dr. Miles' Nervine brought me sleep, and after that I got well fast."

KENTUCKY SSS PRAISES

Some of the recent cures made by this famous blood purifier and tonic among your neighbors and friends.

All that we say of our remedy is substantiated by the testimony of thousands in every section and state of the union. S. S. S. has won its way to success by honest, straightforward methods. For fifty years it has steadfastly pursued this course and is today firmly established in the confidence of the people and recognized everywhere as the standard remedy for all blood and skin troubles and the greatest tonic on the market.

There is nothing mysterious or magical about S. S. S. It is a simple vegetable compound, possessing purifying and tonic properties that no other medicine does. It cures all manner of blood and skin diseases and builds up your general health. Read what the people of your own state say of S. S. S.

MALARIA IN HIS SYSTEM FOR YEARS.

LOUISVILLE, Ky., March 26, 1902. GENTLEMEN: For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took in all three bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking the S. S. S. for an eruption of the skin, and a general run down condition of the system, and although he has taken but one bottle, already commences to feel better. Yours truly, No. 913 W. Market St. I. SHAROFF.

POISON OAK AND ITS EFFECTS.

DANVILLE, Ky., April 5, 1902. GENTLEMEN: Over fifteen years ago I was poisoned with Poison Oak. I tried remedy after remedy without getting relief. Sores broke out over my body and on my tongue, affecting the lining of my mouth. Finally about a year ago my doctor told me to try S. S. S., which I did. After taking three bottles all the sores disappeared, and I have not been bothered since, and I feel much indebted to your valuable medicine for so prompt and complete a cure. I am certain that S. S. S. will do all that is claimed for it in blood diseases, if not more. Yours very truly, CON O'BRYAN.

PUT HIS BLOOD IN GOOD CONDITION.

LOUISVILLE, Ky., April 1, 1902. GENTLEMEN: About twenty years ago I used S. S. S. as a general tonic to build up my system. I found that it promptly did all that was claimed for it, and I am pleased to say that it put my blood in perfect condition, and I have had no need of any medicine since that time. Yours truly, J. N. VANDERKALOW, 323 Market St.

CLOSE CONFINEMENT IMPAIRED HIS HEALTH.

HOPKINSVILLE, Ky., March 21, 1902. GENTLEMEN: About three years ago I felt entirely run down, my business of cigar making being very confining. I was quite unfit for work. One of our city druggists told me to use S. S. S., and I am glad to say that it made me feel like a different man. I only used it one month and have felt well ever since. I am sure there could be no better medicine on the market for toning up the system, by getting the blood in good condition. Yours truly, 701 W. 7th St. H. L. LEHNKEKER.

SYCOSIS, OR BARBER'S ITCH.

NEW ALBANY, Ind., March 29, 1902. GENTLEMEN: For over ten years I suffered with Barber's Itch. I tried several medicines, took several kinds of baths, had medical advice, but nothing did me any good. I saw S. S. S. advertised and commenced using it. After taking two or three bottles, I noticed good results. After taking about six bottles in all, I was completely cured, and have not been troubled since. I recommend S. S. S. to any one in need of a good blood tonic, and a sure cure for Barber's Itch. Yours truly, 807 W. Market St. W. H. STEPHENS, JR.

AN EXCELLENT TONIC AND SYSTEM BUILDER.

LEXINGTON, Ky., April 5, 1902. GENTLEMEN: I have no hesitancy in recommending your S. S. S. as the best spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will properly build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine. Yours truly, Fayette Park, LEWIS S. THIBER.

SCIATIC RHEUMATISM THE CAUSE OF INTENSE SUFFERING.

MT. STERLING, Ky., April 9, 1902. GENTLEMEN: For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an invalid that neither my family nor friends thought it possible for me to survive long. I had tried so many prescriptions given me by physicians (which contained a great deal of opium), that my stomach was ruined, and there seemed no hope for recovery. I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone. After completing five bottles I was an entirely different man, and I felt that I had a new lease on life. The cure in my case has been so wonderful that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in excellent condition. I have a good appetite, sleep well and once more enjoy life. Yours truly, R. M. FRISBIE.

BOILS WERE THE BANE OF HIS LIFE.

EVANSVILLE, Ind., March 19, 1902. GENTLEMEN: About four years ago I suffered greatly from Boils, which would break out on different parts of my body, one large boil coming just below the knee, from which I was incapacitated for work for two or three weeks. I saw S. S. S. advertised and decided to take it. After using about three bottles I was cured. When I first commenced to use S. S. S. it made the Boil on my leg run so that I was somewhat afraid, but it soon healed up, and for the last three years I have had no trouble whatever. I am therefore a great believer in your medicine, and am anxious that others should know what it has done for me. Yours very truly, 217 Read St. A. W. ZIEGLER.

STATE GUARDS

Paducah Can Get a Company But She'll Have to Hurry.

Mr Ed Mumford Will Try to Organize Company for Paducah.

Mr. Edward Mumford, who acted as the aide of Governor Beckham during his visit to the city Friday, has been informed by the governor that Paducah can get a military company here if she acts in haste and secures 40 names immediately to be forwarded to the adjutant general.

There will be 12 new companies in the state and six are already formed. There is a rush being made by several cities to secure the other companies and the greatest of haste will have to be made to work Paducah in. Mr. Mumford has been attempting to organize a company here for some time but had never met with much encouragement. The governor's recommendation should be a big boost for the local boys and then the state encampment which will be in August will be a big attraction and the local company, if one is organized, will attend. The company will also be taken to the world's fair free.

BOTH STOCK COMPANIES WILL THIS EVENING OPEN.

Franklin, who plays heavies, have arrived to take the place of Messrs. Harmon and Lyall. A sourette has been telegraphed for. Miss Mandeville, (Mrs. Mart Beatty,) is now leading woman, succeeding Miss Hazelton, who returned to Chicago.

STUDENT ON TRIAL

Gabriel Bishop is Charged With Causing a Companion's Death.

It is Alleged He Fired a Stick of Dynamite Near Lake Cuba.

Buffalo, N. Y., May 19.—The case of Gabriel Bishop, a young student charged with manslaughter, was called for trial today in the Erie county supreme court. The trial promises to be one of the most interesting that has been before the local courts in a long time. The case itself is a peculiar one. Young Bishop is charged with causing the death of a young man named Austin on the night of July 8, 1899, at a camp on Lake Cuba. It is alleged that Bishop caused a stick of dynamite to be exploded near the camp, with the result that Austin was killed. While the evidence against Bishop was purely circumstantial the first trial resulted in finding him guilty of manslaughter. The decision was reversed on appeal and a new trial ordered. Bishop is the son of one of the most prominent and wealthy families in Western New York. He is at present attending the University of Michigan, where he went after being denied admission to Cornell University while the present charges are hanging over him.
